

November 2018

Dear Parent and Carers,

I am proud and privileged to introduce myself as Associate Principal for Outwood Academy Adwick.

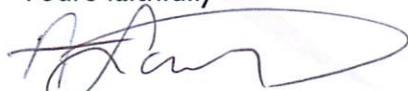

With a passion for inclusive education, I am a strong believer that all children, regardless of their starting point, should be provided with the opportunity to thrive, both academically and personally; none more so than in these formative years of their secondary lives.

I am committed to leading our professional and highly skilled staff in ensuring your child receives a high quality education experience and the opportunity to enrich their lives through extra-curricular experiences. For this to take place, the school needs to be a caring and supportive environment with clear boundaries and high expectations, to enable students to access high quality teaching and learning.

Working within Outwood Grange Academies Trust for several years, delivering as a senior leader at both Outwood Academies Valley and Newbold, has provided me with a vast array of experience and skills to effectively lead the academy. I endeavour to build upon the strong foundations left by Mrs Allott and continue to drive standards and further improve academic outcomes.

Outwood Academy Adwick is an outstanding educational setting and the students are a credit to yourselves and the community. I look forward to supporting your children through their secondary education and meeting with you as we share their achievements and successes over the years to come.

Yours faithfully

Andy Scruby
Associate Principal
