## **Outwood Grange Academies Trust Accessibility Plan**

### **Vision and Values**

Outwood Grange Academies Trust has high ambitions for all its students, including those with a disability and aims to ensure that they have the opportunity to participate in every aspect of academy life. The academy strives to ensure equal opportunities amongst all staff and students and is driven by our shared commitment to inclusion.

In terms of access, Outwood Grange Academies Trust aims to:

- Improve the achievement of students and children
- Improve the quality of teaching and learning (including behaviour and safety of students and children)
- Improve the quality of leadership and management

### **Accessibility Strategy**

This statement sets out the ways in which Outwood Grange Academies Trust provides access to education for students with a disability.

A person has a disability if:

- they have a physical or mental impairment
- the impairment has a substantial and long-term adverse effect on their ability to perform their day-to-day activities (Equality Act 2010)
- In the Equality Act (2010) 'substantial' means 'more than minor or trivial'. 'Long-term' means has lasted or is likely to last more than 12 months

Outwood Grange Academies Trust's Accessibility Strategy has been produced in response to, and in accordance with, the Equality Act (2010).

- Accessibility is addressed under the following headings:
- Access to Buildings and Classrooms
- Curriculum Access (including examinations)
- Information for Students and Parents
- Admissions

The Board of Outwood Grange Academies Trust supports the Equality Act (2010); Disability Responsibilities related to the Children & Families Act (2014); Special Educational Needs and Disability Regulations (2014)). The Trust are therefore committed to the principle of all local children having equal rights of access if this can reasonably be provided. The Trust will review access to the physical environment of all of its academies for students with disabilities.

### **Evacuation Procedures**

Each academy will adapt its evacuation procedure to meet the specific needs of an individual with a disability. Such procedures will be discussed with the student and parents/carers and will be in the student's Special Educational Needs (SEN) file. Students who may find emergency evacuation difficult may have a support assistant in their class. A Personal Emergency Evacuation Plan (PEEP) will be drawn up for students with additional needs/disabilities.

### **Curriculum Access: Teaching, Learning and Assessment**

Our aim is that students with disabilities should, as far as possible, have access to a full and broad curriculum similar to that followed by their peers. Students, regardless of disability, should have access to the full National Curriculum, differentiated to take account of access and learning needs. Access to the curriculum is a key issue for consideration at the stage of admission to the academy, transition within the academy or when a disability develops. Advice and support, where appropriate, will be sought from the appropriate external agencies and can be provided in a variety of formats.

The Trust's Information Communication Technology (ICT) network can provide access to students in a variety of locations. Effective use of these facilities can help overcome difficulties of mobility and sight impairment in particular. Specialist equipment and ICT resources may be available to meet individual needs. A range of software is available to support students with dyslexia and/or reading difficulties.

In constructing the academy's timetable, the Trust will give sympathetic consideration to individual needs. Also, furniture, seating arrangements and the classroom used can be altered to facilitate access and learning. The academy will assess a student's need for support and exam access arrangements. This will include both internal assessment procedures and external assessment and approval. Equal access to the curriculum is provided by quality first teaching in the classroom.

Students at our academies have always been able to participate fully in the wide range of extracurricular activities offered consistent with the limitations imposed of any disability. This has included:

- Outdoor Education
- Sports and PE
- Drama and Performing Arts Productions
- Music
- After School and Holiday Clubs and activities
- Excursions and trips

The unsuitability of any event and the need for additional support can be discussed fully with the parents in advance.

### **Information for Parents and Students**

Parents are routinely involved in reviewing provision for their child. The child will also be consulted in the reviews (see SEND Policy). Large print format materials can be made available.

If either student or parents have difficulty accessing information normally provided in writing by the academy as worksheets, homework or newsletters then the academy will be happy to consider alternative forms of provision.

The following policy documents are relevant to the general issue of accessibility.

- Academy Admissions Policy
- Local Authority Common Admission Framework
- Local Authority Formal Consultation documentation for students with an EHCP
- SEND Policy
- Equality and Diversity Policy

All other policies will acknowledge the requirements of the policy.
